Background

Jacques-Olivier is Senior Accountant within EY's International Tax Services practice in Hong Kong. He is experienced in advising multinationals corporations on international and Hong Kong tax matters and has assisted clients in several global and regional projects, including principal structure planning, operating model structuring, outbound investment planning, tax health checks and pre-IPO structure planning. He has also contributed to several industry publications on BEPS-related developments.

Prior to joining EY, Jacques-Olivier worked as Senior Tax Policy Officer in the Tax Treaties Section of the Federal Department of Finance in Canada. During his time as Senior Tax Policy Officer, he participated to the negotiation/re-negotiation of several of Canada's tax treaties as well as to the development of Canada's tax treaty policy, including with respect to BEPS Action 6 and BEPS Action 15. Prior to joining the Tax Treaties Section, he also worked as Tax Counsel at the Department of Finance Canada.
